## OKMULGEE WOMAN TAKES OWN LIFE IN GOTHAM HOME

Dresses in Finest Robe Before Turning on Gas Fumes Of Death

### NOTE TO MOTHER

Divorce Decree Waiting in Courts at Okmulgee; Cruelty is Charge

(By the Associated Press)  
NEW YORK, June 16.—Mrs. Margaret Martin of Okmulgee, Okla., 22-year-old secretary of Morris Hill, quitted, socialist leader, divorced and tired of life, attired herself in her prettiest lounging robe before she sought rest in death at her Greenwich Village apartment last night. After reading some passages from the Bible she seated herself in an easy chair and turned on the gas. Police, attracted by the odor of gas broke down the door four hours later and found the body. In a note to her mother she wrote: "Forgive me for hurting you so, but I am very tired and hope to find some rest where I am going." An added line asked that she be buried in "my lace dress, and don't spend any money on me." The police found a decree of divorce from Frederick Martin, which was to have become final in three months. It was granted by an Oklahoma court for "gross neglect of duty and extreme cruelty" last February.

OKMULGEE, June 16.—Mrs. Fred Martin was granted a divorce here in superior court last February 5, from her husband on grounds of extreme cruelty. In her divorce petitions she recited a long list of alleged instances in which her husband, a life insurance salesman, had taken money from her to pay his personal debts.

## PONTOTOC COUNTY HAS HIGHEST BIRTH RATE

(By the Associated Press)  
OKLAHOMA CITY, June 16.—The highest birth rate in Oklahoma during 1923 was in Pontotoc county according to the vital statistics bureau of the department of health. The rate was 34.5 for every 1,000 inhabitants. The total number of births was 1,185 in that county. However, the bureau explains, the low rate in McCurtain county is not due entirely to fewer births but to poor registration. Haskell county with 34.2 per thousand was second high and Atoka county with 4.1 was second low. But 96 births were recorded from Atoka county. Other counties high were: Beaver, 30.8; Creek, 28; Caddo, 28.4; Payne, 30.2; Harper, 29. Of the cities of the state Muskogee with a birth rate of 24 per 1,000 persons led last year. The total number recorded was 796. Okmulgee with a ratio of 22.6 and a total number of 587 was second. Tulsa's total was 1814 and the "ratio" was 20.2. Oklahoma City's total was 2100 with a ratio of 18.1.

### Riders of the Pony Express Honored by Bronze Tablet

SALT LAKE CITY, June 16.—A bronze tablet commemorating the site of a pony express station, and the fearless riders who made their way on horseback through the west in 1860-61 with government mails, has been placed on the Salt Lake Tribune building in the center of the business district here. In days gone by an adobe mail station was located on the site. The tablet, paid for and erected by a local chapter of the Daughters of the American Revolution, bears this inscription: "Placed in Tribute to the Personnel of That Gallant Enterprise."

### JURY TO TRY MEANS BEING SELECTED NOW

NEW YORK, June 16.—A jury to try Gaston B. Means, former department of justice investigator, and his secretary was being selected in federal court today before Judge Woverton of Oregon. The two men are accused of conspiracy to violate the prohibition act through the illegal withdrawal of liquor from bonded warehouses.

### GREENVILLE, TEXAS, SWEEP BY DISASTROUS FIRE

GREENVILLE, Tex., June 15.—Fire of undetermined origin originating in the rear of the Perkins Brothers drygoods store, Sunday morning swept eastward through the principal business section of Greenville, causing damage estimated at \$300,000. The fire destroyed the Perkins, Wilson and Boykin, and V. A. King buildings and damaged three other buildings.

## County Roads Stand Up Well Under Heavy Traffic of Autos

"Hard and dry" spells the condition of Pontotoc county roads, according to a concise report of county commissioners. Commissioners from each of the districts maintained that their rural highways had been recently graded following rains and is now in fine condition. Commissioners maintain that county highways are becoming dusty on account of the stringent usage during the past month and the demands on county roads as arteries from evening drives of townspeople. Commissioners announced that every effort would be made to fill in all culverts and make the roads as serviceable as possible before fall weather.

## CHAUTAUQUA TO OPEN WEDNESDAY

Playground Superintendent Issues Call For Children Of Town

With the arrival of Mrs. Kelsey Driskell, playground supervisor for childrens work, here this afternoon and the contemplated arrival of the superintendent and crew tomorrow, the annual Redpath-Horner chautauqua will be ready for the hordes of College students and townspeople at its opening Wednesday afternoon at the College athletic field.

Preparatory to the opening of the chautauqua here next Wednesday, Mrs. Driskell is anxious to meet with all the children of the town regardless of whether they hold season tickets to prepare for the stunt parade and other features of the chautauqua program for children. Children of the town have been asked to meet at the Presbyterian church tomorrow morning at 10 o'clock to prepare for the chautauqua week frolic.

The spacious tent under which the chautauqua entertainers will appear this year, will be erected on the College athletic field tomorrow and made ready for the coming of the members on the various programs of the week. The tent will be about two times the size of the canvass theatre used here last year, too large to be used on the location of last year's chautauqua.

The first program of the chautauqua season will introduce the entertainers with the "Merry Old Chief" of Kansas City radio broadcasting fame, one of the most popular orchestra radio entertainers in the country and especially through the southwest. The entertainers will appear in the opening number Wednesday afternoon and also at night dividing the night program with Elwood T. Bailey, a San Diego banker, who brings an important message on finance and economics, both national and personal.

The chautauqua is being sponsored wholly by the East Central State Teachers college but townspeople are urged to take advantage of the opportunity of hearing some of the outstanding artists of the day.

## THREE CAUSES PLACED OVER SHIP EXPLOSION

(By the Associated Press)  
SAN PEDRO, Calif., June 16.—Three possible causes of the premature explosion which killed 48 men in a turret aboard the U. S. S. Mississippi last Thursday were related for closer scrutiny at today's session of the naval court of inquiry investigating the disaster. One possible explanation of the blast was that the air pressure that operated the breech mechanism of the 14-inch rifle was too low to eject from the barrel all particles of powder left by the last charge.

Another theory supported by testimony was that one of the linen index tags attached to the outer bags was left on the bag when it was rammed into the breech and that a portion of the tag clung to the gun barrel igniting the new charge before the breech could be closed.

### SEARCH FOR BODIES IN FLOOD DEBRIS STARTED

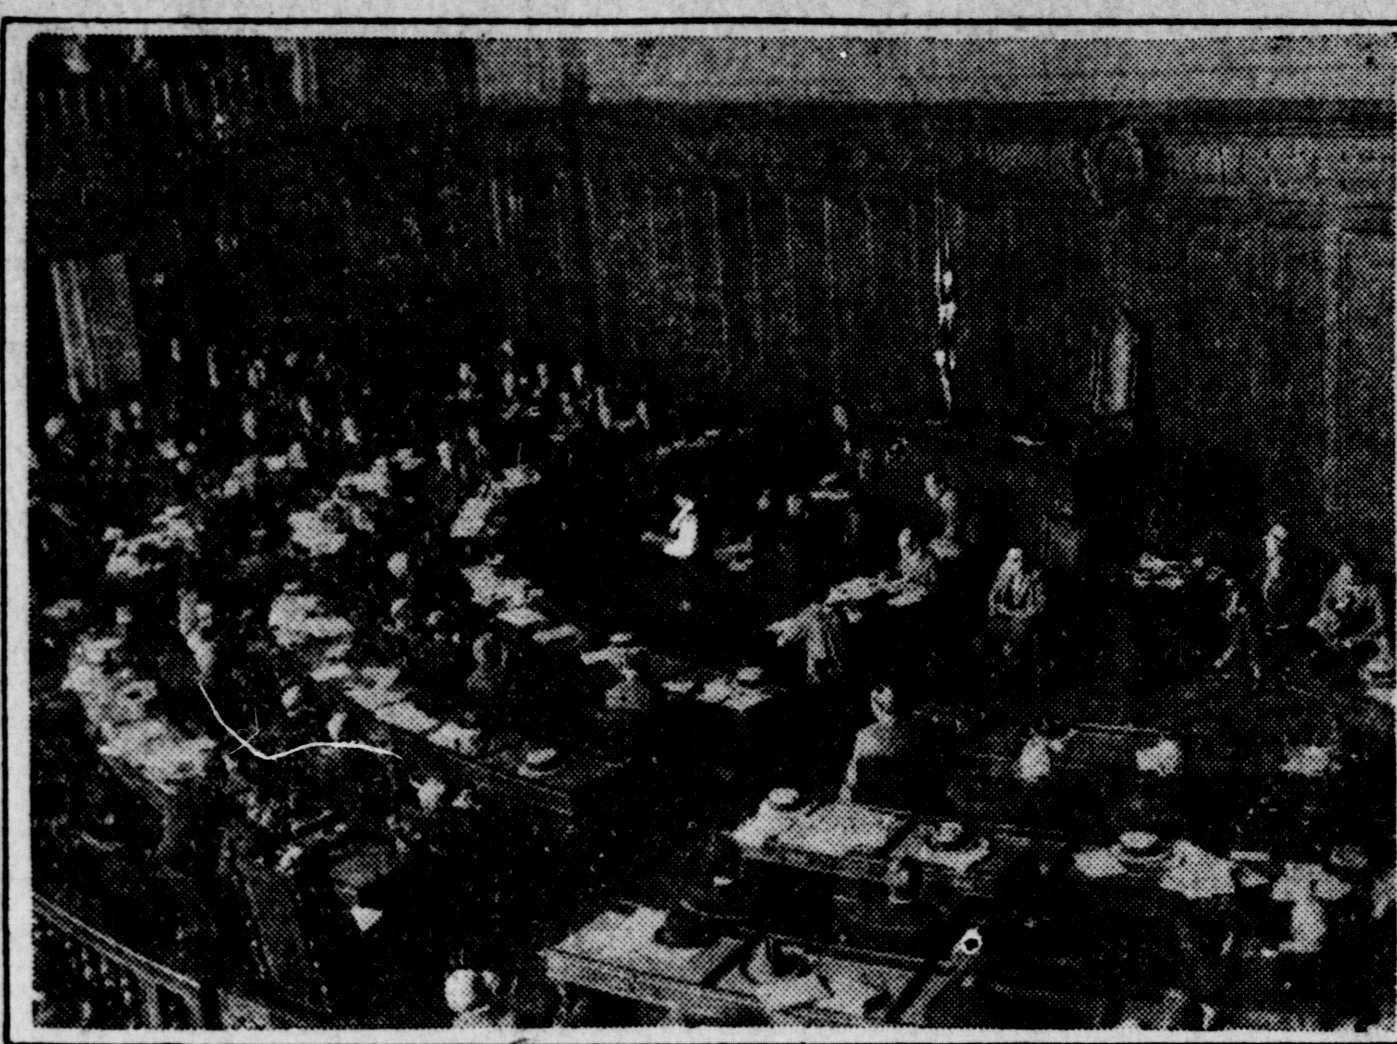

(By the Associated Press)  
JOHNSON CITY, Tenn., June 16.—A search for seven bodies in the debris along the Watauga river was continued and reconstruction of railroads and highways was begun today following Friday night's devastating cloudburst in Carter county. The bodies of five of the 12 victims so far recovered were buried on the mountain side near their homes today.

The waters have receded to almost normal.

### U. S. Rifle Team Wins

RHEIMS, France, June 15.—The United States Olympic rifle team won the international rifle tournament here which was concluded today. The American team's grand total for the three days was 5,284. Switzerland was second with 5,184 points.

## WHEN G. O. P. PLATFORM COMMITTEE HEARD "PLANK" PLEAS

Mrs. Louise S. Thompson, representing the Women's Republican League of New Jersey, addressing the G. O. P. committee on resolutions, in session in the council chamber of Cleveland city hall. Charles Beecher Warren, chairman of the committee, is in the presiding officer's chair, with Senator Reed Smoot at his side.

## FIVE LIVES TAKEN IN ANOTHER STORM

Twister Brings About Toll When it Sweeps Over South Dakota

SIOUX FALLS, N. D., June 16.—A storm which swept the entire state of South Dakota, assuming tornado proportions in a score of localities, took at least five lives and caused property damage too great to estimate until communication is restored and did great injury to growing crops, late Saturday.

ST. PAUL, June 16.—At least 14 persons are reported dead and more than a score injured as the result of a tornado windstorm, heavy hail and rain in the Northwest Saturday. Eight persons were reported dead at Blju Hill in Brule county, two at White Lake in Aurora county, one at Pierre, South Dakota, while two men were reported swept into the Mississippi river at St. Paul. Glad Valley, Seebach county, South Dakota, was reported virtually wiped out when a tornado spread over a territory 50 miles square and caused probably a score of injuries and property damage which may run several hundred thousand dollars.

## BIBLE TEAMS TAKE PULPITS IN COUNTY

The nine teams from the Men's Bible class of the First Baptist church filled engagements Sunday at various school houses and churches. All report wonderful burnings, with the religious fervor burning.

The fundamental truths as taught in both the Old and New Testament were studied and much good resulted. The meetings are growing in interest. Wherever the gospel teams have been they have been urged to return. While some of the men are not brilliant speakers, they have their heart in the work and deliver messages wrought with religious zeal and love.

A team from the Bible class of the Methodist church accompanied Rev. J. A. Grimes to his appointment at Lovelady and Mr. Grimes reports a highly successful and inspiring meeting at the 11 o'clock hour.

## Claxton to Deliver Series of Lectures For Summer Classes

(By the Associated Press)  
STILLWATER, Okla., June 16.—P. P. Claxton, superintendent of education, Tulsa and former national commissioner of education, is to deliver a series of five lectures on modern school methods and problems at Oklahoma A. and M. college summer school, during the week beginning June 16, according to an announcement by Dean Herbert Patterson, director of the summer session. Claxton will speak in the college auditorium each morning, June 16 to 20, inclusive. His series of lectures is to be followed the succeeding week by a series by James R. Lowell, dean of the college of education, University of Arkansas, Dean Patterson said. A series of chautauqua programs is scheduled for the week, June 29 to July 5, inclusive, and Edward R. Griggs, New York, lecturer on ethical subjects, will lecture the week July 7 to 11, inclusive.

## Scrub Brushes Hide Narcotics

(By the Associated Press)  
NEW YORK, June 16.—Drugs valued at more than \$2,000,000 were seized last Saturday on a truck coming off a pier at Hoboken, New Jersey, it became known today. H. D. Esterbrook, chief special agent of the treasury department who conducted the raid, said the seizure uncovered one of the most elaborate and effective schemes ever developed for smuggling narcotics into the United States.

The drugs were secreted in the handles of 500 scrubbing brushes. The cases in which they arrived have been watched since the steamer President Roosevelt docked June 9, Mr. Esterbrook said.

On Saturday treasury agents saw two men claim the cases and load them on a truck which was seized as it started off the pier. The men gave their names as Abraham Tallowitz and Otto Anderson, both of New York, and were arrested.

## ALIENISTS BUSY ON MURDER CASE

Tests on Nathan Leopold Jr. And Richard Loeb Are Continued

(By the Associated Press)  
CHICAGO, June 16.—Alienists for the defense today continued their tests on Nathan Leopold Jr. and Richard Loeb in their efforts to find the reason for the kidnapping and killing of Robert Franks by the millionaires' sons.

The examinations are under direction of Dr. Carl H. Braman of Boston. Defense counsel is explicit in stating that no great array of alienists will be used just because the indicted youths' fathers have millions. Dr. Braman, it is indicated, will do all of the explaining before the jury and not more than six others are expected to be used as witnesses in support of his findings.

Leopold is represented as being displeased with newspaper reports of the tests.

"It would be inferred," he was quoted as saying, "that Loeb and I are being trained like fleas to jump through hoops for the entertainment of the curious."

### Offers Self at Auction

SEATTLE, Wash., June 16.—George N. Hansen, unable to find a position and pressed by the need of providing for his wife and child, recently placed himself "on the auction block."

"I am both slave and auctioneer," Hansen said in his announcement. "I will be knocked down to the highest bidder. I must provide for my wife and child, and welcome any reasonable offer."

Hansen said he was a public accountant.

### BODY OF INSURANCE MAN FOUND IN OKLAHOMA CITY

OKLAHOMA CITY, June 16.—The body of Leon M. Gilbert, 49, an insurance salesman, was found in his room in a hotel here today. In a note addressed to his wife in Houston, Texas, he referred to trouble with members of his family and declared he had taken poison. Gilbert for a time was credit manager of the Empire Oil company of Bartlesville.

Let a News Want Ad get it.

## SLAYER OF WIFE IS BEING SOUGHT

Tourist Alleged to Have Slain Wife and Buried Her in Shallow Grave

(By the Associated Press)  
MILWAUKEE, June 16.—Every automobile highway in Wisconsin north of Milwaukee was patrolled today by sheriff's possees seeking a man who fled from a tourist camp at Wittenberg shortly before the body of his bride of a week was found in a shallow grave. The man gave the name of George P. Cummings of Grand Rapids, Mich.

The couple appeared at the tourist camp Saturday with equipment for an extended stay in the north woods. The woman appeared to be 10 or 15 years older than her husband and told other tourists they had been married just a week.

Yesterday morning the man appeared alone about the tent and soon drove away only to appear at a road side ditch, excitedly offering \$25. Several hours later the farmer returned to the scene of the accident saying he had reflected on the tourist's excitement and the fact that he was unaccompanied. An examination of a small mound revealed the body of Mrs. Cummings wrapped in an army blanket. She had been killed by three blows on the head apparently with a hatchet.

## GIRLS DISTURB PEACE OF WORSHIP IN CHURCH

Among the list of unfortunates facing police court charges as a result of week-end activity of police officers, were two out of the ranks of flapperdom on a charge of disturbing the peace. Both paid fines and were released.

According to information received in police court this morning, the two girls started an argument in church and finally verged on a near riot before the disturbance was quelled and the girls separated. The cause of the near fight is not known.

Along with the cases of the two girls was another disturbance of peace charge but in an entirely different offense. Four drunks were also brought before the court this morning for week-end carousals.

Police and county officers declare that Sunday is always victimized by peace disturbers, usually bringing mischievous boys before the bar of justice. County officers come into contact with the peace disturbance cases more than city officers.

## Klan Celebration at Sulphur Robs City of Several Citizens

While no official information is forthcoming from the ranks of the local realm, Knights of Ku Klux Klan, it is generally known that a large delegation of Ada knights are attending the celebration for klansmen at Sulphur today.

Automobiles loaded with band instruments and parked in front of the klans hall on North Broadway is generally taken to indicate that Ada klansmen will have their band to take part in the celebration at Sulphur today.

Several business houses today were operating without the presence of members of their force, while generally there is a temporary decrease in population.

Read all the ads all the time.

## Scores of Oklahomans Attend Home-coming Held at Louisville

LOUISVILLE, Ky., June 16.—Scores of Oklahomans invaded Kentucky this morning to take part in the Kentucky home-coming which opened here today.

Special cars routed over the Chicago, Rock Island and Pacific railway to Memphis from Oklahoma City and over the Louisville and Nashville railway from Memphis here, brought the delegation to their home state. They left Oklahoma City at midnight Saturday.

Following the two weeks celebration in Louisville the Oklahomans will scatter and visit their home towns. Mrs. T. C. Nichols and Miss Belle Tabor, both of Oklahoma City, have been named Oklahoma's representatives on the reception committee.

## STORE PLUNDERED; GARMENTS STOLEN

Between \$500 and \$600 in Finery Taken From The Fashion

Care and decision was used by robbers, who last night plundered the exclusive quarters of the Fashion, women's style shop, in selecting the finest garments in the establishment in the loot, which is estimated to aggregate \$600.

None of the pricey garments in the house failed to escape the tour of the robber or robbers about the shop in the cleanup of last night, while dresses and delicate garments of less value were left, supposedly because plunderers could not take more from the shop.

Officers were notified of the robbery early this morning after it had failed to attract the attention of the watchman employed to protect the stores of the city from such hazards. Police Chief Sam Hargis stated that every effort would be made to run down the thieves and bring them to justice. It is his belief that more than one party participated in the robbery. Two negro women who were in the store Saturday afternoon are under surveillance but no arrests have been made in the case.

Other authorities believe that a refined crook and no amateur was responsible for the burglary, hanging the clue on the fact that the choice lot of garments were taken from the store. It is further believed that a woman participated in the looting, owing to the fact that much care was used in selecting of dresses and undergarments, which would escape the eye of all but male experts on women's clothing.

Mrs. C. D. Price, partner of J. M. Burdick, in the establishment, estimates that approximately \$500 or \$600 in clothing was removed in the raid of last night. About 25 dresses and a large quantity of silk petticoats and other undergarments were taken.

Robbers gained entrance through a window in the rear of the establishment. The latch was prized off the window with a sharp instrument, a small piece of glass being broken in the effort to gain entrance.

## SLEMP NOT TO RESIGN AFTER FACTIONAL SPLIT

(By the Associated Press)  
WASHINGTON, June 16.—C. Bascom Slemph, secretary to President Coolidge, announced in a formal statement before leaving for Cincinnati that he had not resigned his position and would continue actively assisting in the Republican national campaign.

The formal statement was issued because of persistent reports of the likelihood of Mr. Slemph's retirement owing to an open disagreement between him and William M. Butler, Coolidge's campaign manager during the convention last week at Cleveland.

The disagreement between Mr. Slemph and others on one hand and Mr. Butler and Frank Stearns and other supporters on the other was generally discussed after the convention, but President Coolidge after hearing both sides was able to bring about a reconciliation of views.

### Frown on Mexico.

LONDON, June 16.—Prime Minister MacDonald in the house of commons stated today that the British government regarded the action of the Mexican government against Hubert C. Cummins, British agent in Mexico, as a grave breach of international courtesies.

### No County Arrests.

County officers enjoyed a respite for criminal searching during the week-end with no serious complaints of misdemeanor over the county. No arrests were made by the deputies, an unusual incident for a week.

## THREE WOMEN IN ROBBERY OF MAIL TRAIN THURSDAY

Seven Men Also Held for Theft of \$3,000,000 in Cash and Securities

## WOUNDED MAN HELD

Chicago Detectives Believe They Can Locate Hiding Place of Loot

(By the Associated Press)  
CHICAGO, June 16.—Three women and seven men are held as part of the gang which Thursday night perpetrated the \$3,000,000 mail robbery at Rondout, Illinois, near here, and officials are seeking three additional men and the bandits' cache where they believe approximately 40 packages of registered mail will be found intact. Morgan Collins, chief of police, admitted that an accurate check upon the contents of the stolen mail sacks revealed a loss in excess of \$3,000,000 all in currency or negotiable securities making it the largest in the history of the mail service.

The chief pointed out that some of the pouches had been shipped originally from Wall street banks to the Northwest and in that connection it became known that the Chicago, Milwaukee and St. Paul train held up had left Chicago 15 minutes late, having been detained for an important money shipment from the East. The police believe that one or more of the seven men under arrest actually participated in the hold up.

J. H. Wayne, seriously wounded, and James Murray, former politician, were arrested when they were found hidden under Wayne's bed. Police say they are working on the theory that Wayne was shot by the bandit leader after he failed to carry out orders during the holdup and that Murray has visited him in an effort to keep him from turning informant.

Chicago detectives indicated that they had information which would guide them to where the loot is buried. They indicated the place is near the scene of the robbery, having their theory on the fact that the robbers did not have time to get very far away before disposing of the mail bags.

## TO DECIDE VACANCY OF OFFICE BY COURT STEP

(By the Associated Press)  
OKLAHOMA CITY, June 16.—Court action to determine whether the office of lieutenant governor is vacant is expected by political observers to follow the refusal of W. C. McAlester, secretary of the state election board to receive filings of candidates for the office. Filing time expired at midnight Saturday.

Roy Stafford, Homer Hurst, King G. Kirkpatrick and Charles Barham were named among those who attempted to file for the office.

Doubt was expressed in certain quarters as to whether the office is vacant, since Gov. M. E. Trapp, elected lieutenant governor, became chief executive after the removal of J. C. Walton.

Trapp, however, has declared he still is lieutenant governor and that he is merely acting governor, but it is admitted that he cannot preside over the senate and those who have attempted to file for lieutenant governor asserted that voters should be allowed to select the presiding officer of the senate, a position now held by Tom Anglin of Holdenville, who before Trapp's elevation was president protem.

### BATTERY SERVICE WANES AND TELEPHONES HANDICAPPED

Owing to a break in the battery power, telephone service was handicapped for a short time this morning. The inconvenience was readily removed with the arrival of apparatus from Oklahoma City. Battery current for telephone use is obtained from local power service, which was rendered ineffective through a break in the transmission for telephone. Storage batteries were used until the current ran low this morning. Manager Stenson of the telephone office regrets the unfortunate incident.

### AMERICAN REPLY TO JAP PROTEST IS RELEASED

(By the Associated Press)  
WASHINGTON, June 16.—The American reply to the Japanese protest on the exclusions provisions of the new immigration law was handed to Ambassador Hanihara today by Secretary Hughes.

At the same time it was announced that arrangements had been made with the Tokio government for the simultaneous publication of the document in the morning newspapers of Thursday, June 19.

**BIBLE THOUGHT FOR TODAY**  
THOU SHALT LOVE THE LORD thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind: and thy neighbour as thyself. This do and thou shalt live.—Luke 10:27, 28.

**CANDIDATES NUMEROUS**

Although only a few offices are to be filled at the coming election, candidates for all state and congressional offices are thick. A list of those filed for these places on the various tickets for the primary would fill a column of this paper.

Interest centers chiefly about the United States senatorship. Five Democrats, seven Republicans, two Farmer-Labor, a socialist and six independents, one being a negro minister, have filed and most of the present congressional delegation will have to fight for re-nomination.

Corporation commissioner is another plum that is being eagerly sought. Fourteen Democrats and thirteen Republicans are after the nomination.

Justice of the supreme court from the eighth district is also a much sought place, seven Democrats, four Republicans and an independent having filed. Of these four come from Pontotoc county. Pontotoc county also has three aspirants for congress.

A striking feature of the list of filings is the number of Republicans who are candidates. Having been caught napping in 1920 when it was thought there was no earthly chance for a Republican when for the most part nominees who were carried into office by the November landslide were men of meager ability, those who consider themselves the upper crust of the party two years ago and again this year, have filed in large numbers in the hope of another outpouring of nice juicy plums from the cornucopia in the hands of the goddess of chance or fortune, as the case may be.

If the Republicans had gone to Ohio for a presidential nominee this year the vice-president might, in case of the election of the ticket, have stood a far better chance of filling out an unexpired term than under present conditions. Ohio has been a sort of hoodoo state for presidential material. The state has furnished six and of these only Hayes and Taft served their full terms. William Henry Harrison died a month after taking office and Warren G. Harding died in the midst of his term. Garfield and McKinley were assassinated. This is enough to make Ohio men a trifle leery about aspiring to the presidency.

The Democratic hosts are gathering in New York and the preliminary skirmishes and jockeying of candidates for position will begin without delay. If the delegates show wisdom in selecting a standard bearer there is no reason why the party should not return to power in November. The members are in a mood to accept any good man the convention may name and with all factionalism gone long ago the party is in an excellent position to win a sweeping victory.

As had been expected the La Follette bunch got nothing out of the Republican convention, not even a pleasant look or an invitation to stay for dinner. Now if Bob and his bunch decide to start a show of their own it may cause some trouble in November. The case of Hughes and Hiram Johnson in 1916 might be recalled with profit. However, it is not our funeral so let 'er go.

At all events the little fellows who are easy to persuade that they are some punkins and who in consequence are ready to whoop it up for the fellow who pulls the strings, may feel sufficiently rewarded by being permitted to be in the company of such men.

With the Republicans it is all over but the shouting and the voting. The ticket is now launched and will sail on even keel for a few weeks until a Democratic typhoon strikes it. It remains to be seen whether it can ride the storm or not.

Sulphur voters have just recalled one of the city commissioners and will try to do the same for the mayor of that city June 24. This is the first recall election we have heard of in the state in quite awhile.

It is all right for a fellow to feel that he is the only turtle in the tank or the only pebble on the beach, provided he does not tell other folks about it. It is best to allow them to form their own opinions without his aid.

The government weather forecast for this section for the week is scattered thunder showers. Pontotoc county is ready to be numbered among the scattered spots aforesaid.

That was a mean trick President Millerand of France played on his successor by resigning on a day that made it necessary for the new man to be elected on Friday, the 13th.

"What is so rare as a day in June," the poet was wont to explain. But he had never spent an Oklahoma June day with the thermometer trying to outdo itself.

**ALASKAN, DEFEATED FOR DELEGATE, TRAVELS TO G. O. P. CONCLAVE ANYWAY**

Harry Steel (left) and George Sexton. Harry Steel was defeated in the contest for delegate from Alaska to the G. O. P. convention, but he made the long trip to Cleveland with George Sexton, the successful candidate anyway.

**ARMORE MAN TO TAKE JOB AT O. U.**

Newly Created School of Oil Field Managers to be Perfected

NORMAN, June 16.—(Special)—H. C. George, in charge of the United States Bureau of Mines investigation work in the Ardmore section of the state, has accepted the appointment as director of the newly created school of oil field managers, of the University of Oklahoma according to Frank Buttram, vice-president of the board of regents, in word received by Dr. J. S. Buchanan, president of the university, Wednesday.

The work of organizing a school for training of oil field managers within the college of engineering of the university began in the summer of 1923 and since that time, Buttram as a committee of one appointed by the board of regents has been searching for a man of technical qualifications to head the new school. George was selected from the field several months ago but did not decide to accept the position until this week.

George is a graduate of the University of Pittsburgh with the mining engineer degree and also a graduate of the Pennsylvania State college with the bachelor of science degree. After receiving his mining engineer degree he taught mining engineering at the University of Pittsburgh for three years he was director of the Wisconsin State Mining school from 1908 to 1911 after which he did commercial work for the Wisconsin Zinc company until 1917. In 1917, George began consulting engineering work and in 1921 was appointed oil recovery engineer for the United States Bureau of Mines in California and later came to Oklahoma.

Other than work in the field and with the U. S. Bureau of Mines, George has written many articles on petroleum and zinc deposits of America and considered one of the leaders of his field by his profession, according to Dr. J. B. Unrue, former head of the school of engineering geology of the university.

Engineering work in petroleum refining, mining engineering, chemical engineering, mechanical engineering, electrical engineering, physics and civil engineering have been given at the university for many years and the organization of the school for oil field managers does not incur the additional but of a few special courses in this technical division of the engineering work, according to J. H. Pelgar, dean of the college of engineering.

The work of George will be to organize the various courses already being taught in sequence and groups in order that the study may prepare a student for this particular phase of engineering work, Dean Pelgar said. The oil field engineer needs a knowledge of chemistry, physics, geology, mining, mechanics, distribution and storage problems, transportation and many other special lines of study. These studies will be grouped in order that students may begin work in September of this year for training in oil field management and engineering work.

**PARISH CHAPEL.**  
Brother Ball failed to fill his appointment here Saturday night.

Mrs. Pennington and children spent Friday night with her son, Mr. Alva Pennington of Maxwell.

Mrs. Leafy Tucker spent Sunday with Mrs. Meredith.

Mr. and Mrs. Willie Isaacs spent Friday night with the latter's parents, Mr. and Mrs. Wood.

J. E. Maddox and Andrew Maddox went fishing Sunday.

Mr. and Mrs. Elmer Roberts were visiting the latter's parents, Mr. and Mrs. Jake Eddings Friday night.

Mr. Howard Wood spent Saturday night with Leroy Isaacs.

Mrs. Laura Horton's sister of Konawa was visiting the past week. Lee Tucker spent Saturday night with Willie Maddox.

Blanche Wood took dinner with Lavina Maddox Sunday.

Jewel Isaacs spent Saturday night and Sunday with her sister, Mrs. Alva Farmer.

**The Evening News**

Warning! (Baltimore Sun)

It is pleasant to note that one person at least is finding amusement in the solemn and buttoned convention in Cleveland, and that he is none other than the austere, immaculate and side-tracked Senator Henry Cabot Lodge.

It stretches the imagination to conceive of the last word in Back Bay culture "guffawing," yet such is the news from Cleveland. The amazing spectacle was noted when Kewenaw Burton gave a verbal lambasting to the G. O. P. statesmen in Congress who in the past session refused to obey orders from the White House.

A winty smile o'erspread the countenance of the senate leader and he was seen to whisper something supposedly amusing in the ear of Speaker Gillett. As the applause spread over the Burton remarks, Mr. Lodge's smile is reported to have changed into an actual guffaw. So great was his mirth that he dropped his umbrella.

For Mr. Coolidge's sake we may hope that there was nothing sinister nor ominous in Mr. Lodge's unusual display of mirth.

Possibly he was feeling in a pleasant mood because of the kindly act of another distinguished son of New England, Mayor Curley, Democrat, of Boston, who had just sent him the keys of the city and an assurance that, "regardless of the attitude of the Republican bosses, you will experience neither hostility nor coldness when you re-enter the gates of our fair city."

• A Democrat pouring soothing ointment into the wounds of Mr. Lodge—mirabile dictu!—and that guffaw. Let Mr. Coolidge beware.

Mrs. Eddings visited her daughter, Mrs. Roberts, Saturday. Ollie Wood spent Sunday with Virgie Maddox.

J. W. Isaacs made a business trip to Vannoss Friday afternoon.

Vivian, Daisy and Estelle Ledford of Maxwell were in this community Saturday night.

Mrs. Jeffie Maddox and daughter, Edith spent Sunday afternoon with Mrs. Meredith.

Estelle Lamb went to Ada Saturday to receive her diploma.

Mrs. Lillie Horton went to Ada Saturday.

Mr. Ledford and small son Jimmie Guy visited Mr. Meredith Saturday.

Ester and Violet Dryden attended church here Sunday night.

L. E. FRANKLIN.

For County Tax Assessor—  
NICK HEARD

For County Clerk:  
RIT ERWIN

For Justice of the Peace, Ada Township—  
H. J. BROWN, (Re-election)  
W. H. FISHER.

**Desk of Abraham Lincoln is Owned By State Museum**

OKLAHOMA CITY, June 16.—A desk at which Abraham Lincoln often sat, drawing up briefs and preparing arguments, when he "rode the circuit" as a practicing attorney before the Illinois circuit court is one of the most highly prized relics in the museum of the Oklahoma historical society.

A severe, unadorned article of white pine and spruce, scratched and eroded, it is anything but a pleasing piece of furniture. The key holes to the compartments back of the writing surface are scarred and enlarged as if by a nervous person in a great hurry. The paint has long since been worn off, and although its gaunt, naked outlines attract the attention of the museum visitors, it does not hold them unless they catch a glimpse of the placard explaining the significance of such an eye-sore.

The desk was presented to the historical society by Homer Hurst, Oklahoma City attorney, who obtained it in Kansas. It has seen service in the office of a Springfield, Ill., attorney in the days when young Lincoln practiced law before the circuit court. Sitting at this desk the "rail splitter" penned some of the court documents that brought him fame in Illinois and later immortal glory at Washington.

The heart of a kid glows warm for Kellogg's Corn Flakes—and these crisp, golden flakes repay in health. To get the genuine say it all—say "Kellogg's Corn Flakes."

SOUND INVESTING IS NOT SPENDING

**50,000 Electrical Horse Power FOR THE Development of Oklahoma**

To build up industries, communities and prosperity there is an insatiable demand for more electric energy.

This means new power plants and transmission lines.

Last year we completed a new 30,000 horsepower turbine station and built 515 miles of transmission lines.

We build permanently and for the future as much as the present.

## "My Rheumatism is gone—"

"THERE are thousands of you men and women, just like I once was—slaves to rheumatism, muscle pains, joint pains, and horrible stiffness. I had the wrong idea about rheumatism for years. I didn't realize that increasing blood-cells had the effect of completely knocking out rheumatic impurities from the system. That is why I began using S.S.S. Today I have the strength I used to have years ago! I don't use my crutches any more." S.S.S. makes people talk about themselves the way it builds up their strength. Start S.S.S. today for that rheumatism. You'll feel the difference shortly.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

## AUTOMOBILE ACCIDENT PREVENTION CONTEST TO BE JUDGED BY EXPERTS

### JUDGES OF CONTEST

At top, right—Richard E. En-  
right, Police Commissioner of the  
City of New York; (left) Brig.  
Gen. Smedley D. Butler, Director  
of Public Safety of the City of  
Philadelphia, and (below) W. H.  
Cameron, Managing Director,  
National Safety Council, Chicago.

The three largest cities in the  
United States, New York, Chicago  
and Philadelphia, are represented  
upon a board of judges who have  
agreed to pass upon a prize con-  
test, now in progress, which has for  
its purpose some solution of the  
problem of ever-increasing automo-  
bile accidents.

W. H. Cameron, of Chicago, man-  
aging director of the National  
Safety Council; Hon. Richard E. En-  
right, Police Commissioner of the  
City of New York, and Brig. Gen.  
Smedley D. Butler, Director of Public  
Safety of Philadelphia, have ac-  
cepted the invitation of Charles H.  
Holland, President of the Inde-  
pendence Indemnity Company of  
Philadelphia, which as an insurance  
company is largely interested in the  
reduction of automobile accidents, to  
judge the suggestions in the contest  
for which Mr. Holland has an-  
nounced \$1,750 in cash prizes.

The prizes are \$1,000, \$500 and  
\$250 for the three most practical  
suggestions, not exceeding 500 words  
in length, which are submitted by  
licensed insurance agents or brokers  
anywhere in the United States, for  
reducing the number of American  
automobile accidents. Among the  
150,000 agents and brokers in the  
country Mr. Holland believes can  
be found a way at least to reduce  
the waste of life and property in-  
cident to use of the automobile. The

contest will be open until June 30,  
after which the judges will announce  
the results.

According to records of the Na-  
tional Bureau of Casualty and  
Surety Underwriters 111,276 people  
have been killed in automobile ac-  
cidents since 1907, more than twice  
the number of Americans killed in  
the World War. This figure does  
not include those killed in grade  
crossing accidents. While reliable  
records of automobile accidents re-  
sulting in injuries short of death  
are lacking, the bureau estimates  
that close to 2,781,900 persons have  
been injured in the same period.

As the number of deaths has in-  
creased each year, from 598 in 1907  
to 15,700 in 1923, Mr. Holland be-  
lieves the time has come when some  
concerted action should be taken to  
turn the tide, and so has arranged  
the contest for practical suggestions.

Miss Effie Lawson left Sunday  
for an extended tour through New  
Mexico, Colorado, Washington and  
points in Canada. While away she  
will take some work in the univer-  
sity at Berkeley, Cal.

Miss Ruby Ashlock has been ill  
in the Breco hospital for several  
weeks following an operation. She  
is reported today as improving.

We drain and wash your crank  
case free. The Square Deal Ser-  
vice and Filling Station. 10-3-11

Paul Alderson, Byron Sledge, Os-  
car Gilbert, E. C. Burton and fam-  
ily, C. J. Mallory and wife were  
among those who witnessed the fi-  
nals of the state open golf tourna-  
ment at Dornick Hills Golf and  
Country club at Ardmore Sunday.

### PICTURE OF THRILLS

Meaning of Course, George Mel-  
ford's "Flaming Barriers"

Enough thrills for a full length  
serial are incorporated in the George  
Melford Paramount production of  
"Flaming Barriers" which comes to  
the McSwain theatre today. Jacquelin  
Logan, Antonio Moreno and  
Walter Hiers are featured players  
and in the portrayal of their re-  
spective roles they accomplish death  
defying feats such as would put  
fearless circus performers to shame.  
Miss Logan pilots an aeroplane over  
a flaming forest and drives a fire  
truck over a bridge enveloped by  
flames. Mr. Moreno has his hands  
full in quenching the fire as it licks  
its way toward a gasoline supply  
truck, throwing himself full length  
upon the flames with a soaked mat-  
tress, saving hundreds of lives of  
excursionists who are trapped by  
the conflagration. These and other  
thrills galore distinguish this  
production.

## ENROLMENT SHOWS GAIN AT OKLAHOMA A. AND M.

(By the Associated Press)  
STILLWATER, June 16.—Sum-  
mer school enrolment at the Okla-  
homa A. and M. College this year  
is nearly one-third greater than it  
was last year. It is shown by the  
registrars' report made public to-  
day. Total enrolment for the sum-  
mer term is 1,579, against 1,119  
last year, both figures exclusive of  
all short course attendants.

Including short term enrolments,  
the total of students here last sum-  
mer was 1,313. This year it is ex-  
pected to be 1,750 to 1,800, since  
two important short terms have not  
opened and regular enrolments have  
been completed, according to L. W.  
Burton, registrar.

Included among students at the  
summer school are nearly 1,000  
teachers from all sections of Okla-  
homa and the southwest, according  
to estimates by Herbert Patterson,  
dean of the school of education and  
director of the summer session. Other  
students now here spent the last  
school year at other colleges or  
universities and came to Still-  
water attracted by special lectures  
or recreational advantages, while  
still others are regular students  
here bent on making up college  
work in the summer.

Enrolment for the summer ses-

## GOLFERS OF STATE TRECK TO ARDMORE

One Hundred Amateurs in  
Meet; Carter to Push Ken-  
nedy, Heralded Champion

(By the Associated Press)

ARDMORE, June 16.—A field of  
100 amateurs of the golf realm  
were ready for the state champi-  
onship at Dornick Hill country club  
here.

A lightning fast course and a  
large field are expected to develop  
some sensational golf.

James Kennedy, five-time cham-  
pion of the state, member of the  
Tulsa Golf and Country club team,  
is favored to again annex the  
crown, but the shooting of Keefe  
Carter, 18-year-old sensation of  
Oklahoma City, Dick Grout of Ar-  
dmore and S. B. Anderson, Oklahoma  
City champion, indicates Kennedy  
may have some trouble in winning  
his sixth title.

Match play will start tomorrow  
and it is expected it will require at  
least five days to complete the  
tournaments.

OKLAHOMA CITY, June 16.—  
Five years ago a lad of 12 years,  
small for his age but wiry and  
athletic became the golf protegee of  
Sandy Baxter, veteran professional  
of the Oklahoma Golf and Country  
club. A miniature golf set had been  
given the lad by his father, an Okla-  
homa City oil man, who desired  
that the lad learn the game which  
had proved such a success for him.  
Today the boy, now 18 is one of the favorites in the  
state amateur tournament at Ar-  
dmore. And Sandy Baxter, the tutor  
is there to see his pupil, Keefe  
Carter "smack 'em" like he taught  
him to.

Carter stuck persistently at game,  
practicing diligently every shot the  
professional taught him. Through  
winters, when the weather permitted  
and all summer young Carter was  
a familiar figure on the Oklahoma  
City courses. Despite his slight fig-  
ure he developed a powerful drive,  
which excited the admiration of  
Walter Hagan, former American  
English champion, who on a trip to  
Oklahoma City last year saw  
young Carter perform. He developed  
his approach shots, his puts and  
mastered every shot, always follow-  
ing the advice of Baxter.

Carter is a high school student

## FARMERS UNION LAUNCHES CO-OPERATIVE CAMPAIGN

A co-operative organization cam-  
paign is to be carried on in Pon-  
totoe county under the auspices of  
the Farmers Union. Officials of the  
Union of Pontotoc county announces  
the following dates for organization  
purposes:

Convention Hall, Ada, Monday,  
June 28.

Parish Chapel, Tuesday, June 24.

Maxwell, Wednesday, June 25.

Hart, Thursday, June 26.

Sunshine, Friday, June 27.

Owl Creek, Saturday, June 28.

Center, Sunday, June 29.

McCall Chapel, Monday, June 30.

Pleasant Hill, Tuesday, July 1.

Union Hill, Wednesday, July 2.

Franks, Thursday, July 3.

All meetings will be held at 8  
p. m., except the meeting at Center,  
this being Sunday, Union meeting  
will conform to prevailing condi-  
tions.

July the 4th meeting will be an-  
nounced later, contemplative of a  
grand rally and picnic at Ada, on  
this date.

State organizer J. S. Moore will  
be the speaker for the above meet-  
ings. His services having been  
secured by the State Organization.  
Every farmer in Pontotoc county  
is urged to attend one or all of  
these meetings, as Mr. Moore is  
considered one of the best speakers  
of the state upon co-operation.  
Business men as well as farmers  
should avail themselves of this op-  
portunity to hear what true co-  
operation means.

F. F. BELLER, Sec.

sion is as follows: Special students,  
taking courses in several schools,  
338; post graduate students, 59;  
federal students of non-collegiate  
rank, 122; secondary students, 344;  
school of education, 322; school of  
home economics, 143; school of  
agriculture, 43; school of engineer-  
ing, 28; school of science and lit-  
erature, 90; school of commerce and  
marketing, 77.

Jones Asks Correction.  
W. C. (Bud) Jones asks that a  
correction be made in the report of  
the finding of U. G. Winn in Justice  
Anderson's court on a charge of as-  
sault. Mr. Jones says he did not  
file the complaint, but that it was  
filed by Deputy Sheriff Walker. The  
News is glad to give this informa-  
tion.

Russia Sends Planes to Persia

MOSCOW.—Two airplanes con-  
structed in Russian factories for the  
Persian government have safely ar-  
rived at Teheran, says the Rosta  
Agency. The machines started from  
Enzeli, which is 250 miles from Te-  
heran, and took only one hour and  
forty-five minutes to make the  
journey. The premier, members of  
the cabinet and the Soviet diplo-  
matic representatives were present  
at the aerodrome when the machines  
landed.

Committee on industrial relations  
of National Association of Manu-  
facturers, in report at convention in  
New York, declares strikes and lock-  
outs in United States have cost  
more than \$12,500,000,000 since  
1916.

and expects to go east to college  
after finishing high school.

The Prussian government has just  
created forty-six new titles for its  
officials. Titles and medals are the

aim of all ambitions in Germany.  
The new titles supposedly are to re-  
compense the officials for the re-  
duced salaries, which have been cut  
in the interest of governmental  
economy.

## GRADUATE NURSE TELLS HOW TANLAC HELPED MANY OF HER PATIENTS

Seattle Nurse Is Firm Believer  
In Tanlac And Recommends It.

"From my long experience as a  
professional nurse, I do not hesi-  
tate to say I consider Tanlac the  
most efficient and natural stomach  
medicine and tonic to be had. It is  
undoubtedly nature's most perfect  
remedy," is the far-reaching state-  
ment given out for publication, re-  
cently, by Mrs. I. A. Borden, 425  
Pontius Ave., Seattle, Wash., a  
graduate of the National Tergan-  
e Hospital, Chicago.

"I have used Tanlac exclusively  
for seven years in the treatment of  
my charity patients," said Mrs.  
Borden, "and my experience has  
been that for keeping stomach, liver,  
kidneys and bowels functioning  
properly and for toning up the sys-

tem in general, it has no equal.  
"About a year ago I had a lady  
patient who could not keep a thing  
on her stomach fifteen minutes, not  
even water. I prevailed on her to  
try Tanlac and after the sixth bottle  
she could eat absolutely anything  
she wanted, without the slightest  
bad after-effects.

"I had another patient who simply  
could not eat. I got him started on  
Tanlac and by the time he finished  
three bottles he was eating raven-  
ously and able to work.

"These two instances that are  
typical of the wonderful merits of  
the medicine. My confidence in  
Tanlac is unlimited."

Tanlac is for sale by all good  
druggists. Accept no substitute. Over  
40 Million bottles sold.

Tanlac Vegetable Pills, for con-  
stipation, made and recommended  
by the manufacturers of TANLAC.  
—Adv.

## G. O. P. Notables At Session

Left to right: E. P. Thayer of New York, chief sergeant at arms of the convention; John T. Adams of Iowa, chairman of the Republican

national committee; Mrs. Leonard Woods of Pittsburgh, second vice chairman of the national committee; Ralph E. Williams of Oregon, vice chairman of the national committee,

and George B. Lockwood of Indiana, retiring secretary of the national committee, chapped between conferences at convention headquarters in Cleveland.

## COOLIDGE'S HOME STATE FOLK AT CONVENTION

Above: Massachusetts delegation parading from the Cleveland union station to the convention square, led by Governor Channing Cox (in light coat). Below: William M. Butler, Coolidge campaign chief (right) greeting the governor and his party.

An old-fashioned political parade, with band playing and flags waving, was staged by the delegation from Coolidge's home state Massachusetts on their arrival in Cleveland for the G. O. P. convention. The parade from the Cleveland union station to the convention square was led by Governor Channing Cox of the Bay State on foot. William M. Butler, Coolidge campaign chief and national committeeman from Massachusetts, was on hand to greet the visitors from "home."

## "BLACK GOLD" HAD NOTHING ON OLD BALL GAME AND ADA WINS ANOTHER FROM DURANT ARTISTS

Ada baseball fans gasped for breath under the piercing rays of a mid-summer sun and peered lazily through the screen wire out on the diamond, where fire-extinguishers were being used to retire the local race track winners from an afternoon in the pits to show out visiting opponents from Durant a good hot time by allowing them to rest and bat three times.

Dizzy from a third-inning rally during which the local nine batted its team on fourteen different trips to the plate, pounded out eight hits for ten runs, retired one pitcher from the box and caused four changes in the Durant lineup. Ada fans collapsed in their seats and remained in a state of coma while Ada batters swung vigorously at the feeble but effective offerings of Palmer, an old horse on the track.

The Sunday afternoon tangle started off like a real ball game but wound up in the massacre columns, with Ada claiming 14 to 4 margin over the visitors.

While the hit and run game was a feature, errors on the part of the Durant club proved features of attraction for the audience, eight being tacked down to the credit of the Durant club and four to Ada. Errors on the part of the Durant club counted heavily in the odds for victory since their hitting was slightly below par of Ada's course, the ratio standing 12 to 10 in Ada's favor.

One of the features, which is seldom accounted for in finer circles of baseball, was L. Waner's feat of two nice singles in one inning. L. Waner got three hits in all and broke even with Page for hitting honors for Ada. R. Waner and Lee tapped the old apple for three sacks each during the conflict, which proved additional factors in the race-track victory. Corley and Pryor of Durant were the heavy sluggers with three hits each.

Davis got two strikeouts and allowed four free bases. Creswell for Durant gave two free bases before making room for Palmer, who struck out one man with his lazy delivery.

Conn. Roach umpired with satisfaction to both teams.

**First Inning**  
Durant—Potts safe on an error at third. Corley went out short to first. Herman was hit by pitched ball. Palmer hit into a double play, second to short to first. No hits, no runs, one error.

Ada—R. Waner walked and took second on an error at the bag but was caught at third. Fain hit to right and went to third on the error. L. Waner singled, scoring Fain. Page filed out to center. Lee was out, second to first. One hit, one run, two errors.

**Second Inning**  
Durant—Parks struck out. N. Roberts walked and Pryor singled advancing N. Roberts to third. B. Roberts forced Pryor out at second. B. Roberts stole second. Creswell out, third to first. One hit, no runs, no errors.

Ada—Rutledge went out to first. Wingalls was safe on an error at short. West forced Wingalls at second. West was out stealing second. No hits, no runs, one error.

**Third Inning**  
Durant—Potts singled and took second on Fain's error. Corley singled and stole second. Herman struck out. Palmer singled scoring Potts and Corley. Parks struck out. N. Roberts singled. Palmer going to third. Pryor singled scoring Palmer but N. Roberts is caught at third. Five hits, three runs, one error.

Ada—Davis went out to center. R. Waner tripled but is caught at home. Fain was safe on an error at second. L. Waner singled through pitcher and Page singled scoring Fain. Lee tripled and went home on an error at third, scoring L. Waner and Page. Rutledge singled. Wingalls singled and Davis is safe on an error in center going to second on the play while Rutledge and Wingalls score. R. Waner walked and Fain singled advancing him to third. R. Waner stole home plate while Fain was stealing second. L. Waner got his second single of the inning and scored Fain. Page filed out to center. Eight hits, ten runs, three errors.

**Fourth Inning**  
Durant—B. Roberts filed out to short. Creswell struck out. Potts filed out to center. No hits, no runs, no errors.

Ada—Lee grounded out to first. Rutledge filed out to second. Wingalls lined out to short. No hits, no runs, no errors.

**Fifth Inning**  
Durant—Corley singled and went to second on an error at first. Herman was out, second to first. Palmer followed the same route. Parks was out, third to first. One hit, no runs, one error.

Ada—West was safe on an error at short and stole second. Davis was safe on an error at short. R. Waner filed out. Fain singled scoring West and Davis. L. Waner filed out to rightfield. Fain going to second. Page singled but Fain is caught at home. Two hits, two runs, two errors.

**Sixth Inning**  
Durant—N. Roberts struck out. Pryor out, second to first. B. Roberts safe on Fain's error. Creswell walked. Potts out, pitcher to first. No hits, no runs, no errors.

Ada—Lee filed out to center. Rutledge filed out to center. Wingalls out, third to first. No hits, no runs, one error.

**Seventh Inning**  
Durant—Corley singled. Herman out, second to first. Palmer doubled scoring Corley. Parks grounded to pitcher. Palmer caught at second. N. Roberts struck out. Two hits, one run, no errors.

Ada—West fouled out to catcher. Davis out to first. R. Waner filed

out to short. No hits, no runs, no errors.

**Eighth Inning**  
Durant—Pryor singled. B. Roberts lined to Davis. Pryor out at second. Creswell filed out at second. Potts walked. Corley filed out to left. One hit, no runs, no errors.

Ada—Fain struck out. L. Waner filed out to centerfield. Page tripled and came home on a wild throw. Lee filed out to right. One hit, one run, one error.

**Ninth Inning**  
Durant—Herman filed out to third. Palmer out, second to first. Parks filed out to right. No hits, no runs, no errors.

**TO START WORK ON NEW AGGIE ATHLETIC STADIUM**

STILLWATER, June 16.—Work of erecting the new athletic stadium at the Oklahoma A. and M. college will be started in July, according to an announcement here by F. W. Redlich, chairman of the construction committee and a member of the general campaign group.

Plans for athletic officials at Stillwater are to have the first section of the stadium ready for use by the opening of the football season this fall.

As a goal, to finance the completion of the first four units of the stadium, the committee agreed upon \$50,000. Already more than one-half of this amount has been subscribed the donations having surpassed the \$25,000 mark this week, according to Coach E. C. Gallagher, stadium committee chairman.

Most of the total subscribed to date was given by students. Results of the campaign among faculty members, started this week, has not been divulged.

At least \$5,000 more is expected from a group of about 500 students who were not canvassed before they went to their homes in May. Ed Morrison, student senate president-elect, has been put in charge of the clean-up drive among the students.

Next in order will be a campaign among citizens of Stillwater to be followed late in the summer by a solicitation of alumni, former students and friends of the college throughout the state.

Decision as to the nature of materials to be used in the stadium has not been made. Three types are under consideration. One is steel with reinforced concrete floorings; another all steel, and another of super-steel, with wooden floorings and seats.

The general stadium committee has taken steps to incorporate under the state law.

## Rural Death Rate Smaller Than Pace In Larger Cities

OKLAHOMA CITY, June 16.—The death rate in rural counties of Oklahoma is smaller than that in the four larger cities, according to figures compiled at the vital statistics bureau of the state health department.

In Tillman county, one of the leading agricultural sections of the state, the death rate in 1923 was 9.5 per thousand of a total of 149 in a population of 23,000, and in Beaver county, with a population of 14,000 the rate was 2.1 per thousand, and a total of 78. Texas and Cimmaron, other leading farm counties, had death totals of 69 and 51 and ratios of 4.5 and 1.6, respectively.

Oklahoma City had the lowest death rate of the four larger cities of the state with a total of 1,365 and a ratio of 10.3. The death rate in Muskogee, Tulsa and Okmulgee was the same 10.5 per thousand persons and the totals were 512, 105 and 211 respectively.

Atoka county reported the lowest rate last year, one-half of one per cent, but this was due, partially to the poor system of recording in that county, the bureau explained.

## Hickman Recalls Tragic Days of Samar Massacre

(By the Associated Press)

SAN FRANCISCO, June 16.—The peaceful old Presidio of San Francisco, local army post since the early days of California's history, was the scene recently of the retirement from army life of the hero and one of the few survivors of the Balangiga massacre, in Samar. Taylor B. Hickman of Knoxville, Tenn., master sergeant, was called forward from his company and complimented feelingly by a superior officer for his 26 years of inspiring service as a soldier of the United States.

Hickman was told he was still a sergeant only because he had modestly thrust aside a commission. A decoration was pinned on his chest, hands were clasped, and the old hero of Balangiga walked back to his quarters, a soldier no longer, but a greater hero than ever. There was a tear on the rim of the steady eye and the fighting jaw trembled a bit. The company, at rest, followed him with their eyes until he was out of sight.

"I would go back again tomorrow if my country called," Hickman said. "I think I have a few good fights left in me yet."

Seventy-one enlisted men and three officers of Company C, Ninth U. S. Infantry, went into camp at Balangiga, Island of Samar, in the Philippines, 23 years ago. A few days later occurred the attack on these men, and the massacre which in the annals of the American army

has been compared to the last stand of Custer. Totally without warning and while at breakfast the Americans were rushed by hundreds of Visayans armed with heavy knives called bolos. The three officers were killed in the first onslaught. The fight lasted well over two hours, and the next day the eight American survivors, including Sergeant Hickman, reached Basay in native canoes. The natives killed by the Americans numbered 250.

The sale of foreign newspapers and books, it is said, has been forbidden at Serbian railway stations.

## What the World Is Doing

As Seen by Popular Mechanics Magazine

### Golf Charts Teach Strokes and Standing Positions

To check the game of experienced players or to teach beginners, a set of six charts, printed with directions and illustrations

trations showing correct standing positions, grips and strokes, and other fine points, has been devised. With them, one may read a lesson in golf technique and follow it at the same time. Printed on heavy paper, the charts are to be placed on the floor. Standing over them with club in hand, the player is able to get the proper grip and position and execute the stroke in correct form. The diagrams afford a constant check and means of comparison for accuracy in every detail.

### New Theory of Radio Is Advanced

In the opinion of Carl Pfanstiel, a Chicago radio engineer, the wave theory of radio will soon be exploded completely, and the radiant-energy theory take its place in explaining radio phenomena. Mr. Pfanstiel is of the opinion that there is no such thing as "ether" as commonly referred to. He says that what are usually spoken of as radio waves are undoubtedly particles smaller than an

electron that are sent flying by an electric current. These particles, it is assumed, bump into each other, thus transmitting energy which is picked up as sound in the receiver. When a stream of radiant energy or particles strikes the antenna, it sets up a very weak current, which is transformed into sound or air waves in the receiving set.

The development of this theory, says Mr. Pfanstiel, has been very rapid and startling, and further investigation of the nature of these particles may explain the mechanism of direct communication and telepathy between minds. Also, through the new principle, wireless transmission of vision may become an accomplished fact.

### Patching Auto Tops

When patching auto tops it is a good plan to place a board across the top bows under the covering to provide a firm surface on which to work. After the patch is applied a weight should be placed on it and left until the cement is dry, so that the patch will not curl up at the edges.

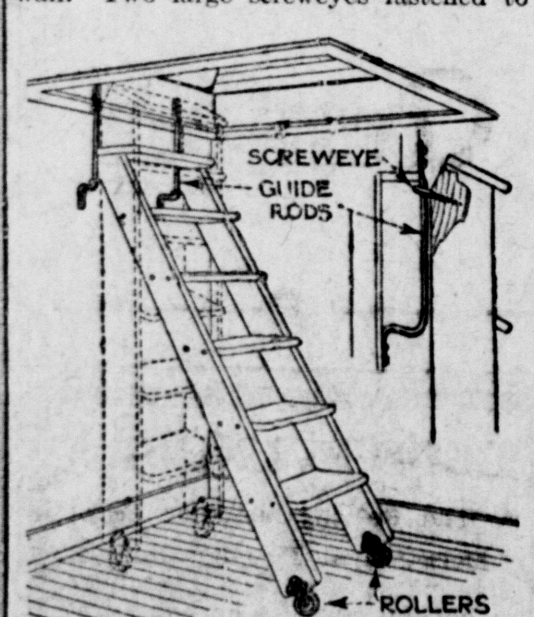

### Servicable Dandelion Hook

Occasionally the breaking off of a lobe of a hoe renders it unfit for further use and it is then usually thrown away. However, a servicable tool for the purpose of removing dandelions can easily be made from it. The shank of the broken hoe is straightened in line with the handle, and the blade is cut and filed to the shape shown, a V-shaped notch being cut in the end and filed to a sharp cutting edge. One of the points is cut to form a pulling hook, the throat of which is, of course, dull. A tool of this kind is very handy, as it can be used to cut the dandelions at their stems or pull them out entirely.

One third of the silk used in the United States is said to be artificial.

### Portable Garret Step

In bungalows where limited space does not permit built-in garret steps, a "folding" stepladder of the kind shown in the drawing has been found very convenient. It is made of 1 by 5-in. lumber, the risers being set between the sides at such an angle that they are perfectly horizontal when the ladder is pulled away from the wall. Two large screweyes fastened to

the top of the ladder are used to hold it on the two vertical guide rods, which are permanently attached to the wall; this arrangement allows the ladder to be raised and lowered to the positions indicated. A couple of casters provided on the feet of the ladder facilitate the work of pulling it out from the wall and pushing it back again.

### Can the Skin See, Is Query

That human skin has powers of vision which to a great extent have been lost through years of neglect, is the theory of a French scientist. A series of experiments conducted by him are said to support this belief. The sensitivity of the skin and underlying tissue with its intricate net of nerves is well known, but no one heretofore has supposed them to be capable of picking up light waves in a manner comparable with the process of seeing.

Notice of Hearing of Bankrupt's Petition for Discharge.

In the District Court of the United States for the Eastern District of Oklahoma.

In the Matter of J. W. Higbee, Bankrupt. In Bankruptcy.

No. 3742

To the Creditors of the above named bankrupt:

TAKE NOTICE that a petition has been filed in said court by J. W. Higbee, of Ada, in the County of Pontotoc, in said District, who has been duly adjudged bankrupt under the Act of Congress of July 1, 1898 for a discharge from all debts, and other claims provable under said Act, and notice is hereby given that a creditor desiring to oppose the application of the bankrupt for discharge shall enter his appearance in opposition thereto with the clerk on July 28, 1924, on which date said creditors are required to show cause, if any they may have, why the prayer of said petition should not be granted, and shall file a specification in writing of their opposition within ten days thereafter, unless the time shall be enlarged by special order of the Judge. (Neither the bankrupt nor his attorney is required to appear on the above date.)

Dated at McAlester, said District, this 13th day of June, 1924.

GEO. F. CLARK, Special Master in Chancery.

With so many autos, it is no longer a joke when the chicken crosses the road.

Art Collection of Hungarian Noble to be Sold at Auction

(By the Associated Press)

PRAGUE.—A part of the famous art collection of the Hungarian magnate, Count Palffy, who died in 1903, will be sold at auction this summer. The treasures which are stored in the four Palffy castles are valued at \$2,000,000.

Among the articles to be put on sale in June are Napoleon's bed, the furnishings of Maria Theresa's drawing room, two Rubens, a series of old Dutch masters and the famous "Head of Christ" by Guido Reni.

The second sale will occur in the autumn and will consist largely of porcelains.

### LOST

Between 12th and 17th street, Black Tortoise Shell Glasses. Return to News.

Mrs. Orville Sneed

### NOTICE

The Board of Education of Independent School District No. 19, city of Ada, hereby gives notice that on or about July 7 contracts will be let to the best bidder to supply the Public Schools of the city with the following equipment and supplies for the fiscal year beginning July 1, 1924.

1—only cord cord, fish line, 25 yards.

1—1 oz. spool Copper base wire No. 30.

1—1 oz. spool German Silver base wire No. 30.

1—4 oz. Steel wire No. 20.

3—only Zinc rods for battery.

2—only Carbons for battery.

4—batteries (approximate price, 45c).

3—Condensers, Liebig's (Central Scientific Cat. No. 3224C)

6—Graduate cylinders, 50cc (C. S. cat No. 3657).

5—Glass Tubing, 6mm outside, 4mm inside.

1—Glass Tubing, 8mm outside, 12 ft. Rubber Tubing, white, light wall, 3-16 inside.

12 ft. Rubber Tubing, white, light wall, 5-16 inside.

6—only Incandescent Lamp Carbons, 110 volts, 16 c. p.

1-2 gross Microscopic Slides, 3x1 inches.

1 doz. scale rules maple, Metric and English.

1 doz. Iron Wire Triangles, 2 1-2 inch sides.

2 doz. Candles, paraffine, 12 to the pound.

2 doz. Test Tubes, thin walls, ordinary glass, 8x1 inches.

2—only Glass Plates for Wimhurst Machine, 20-inch, complete with sections.

4—Brushes, tinsel, for Wimhurst Machine.

2—Fiction oRds, vulcanite, 25cm by 13mm.

2—Friction Rods, glass.

5—only Pith Balls, with silk cord.

5 pounds Ammonium Nitrate crystalline.

1 pound Ammonium Chloride granulated.

1 pound Arsenous Acid, powdered.

1 pound Aluminum Sulphate, granulated, C. P.

1 gal. Alcohol, denatured.

1 pound Calcium Chloride, anhydrous, granulated.

12 pounds Hydrochloric Acid.

1 pound Ferrous Sulphate, lumps.

1 pound Potassium Nitrate, granulated.

2 pounds Hydrogen Peroxide, 3 percent.

4 oz. Phenolphthalein, U. S. P.

2 pounds Sodium Chloride, crystal, C. P.

2 doz. vials Litmus paper, blue.

2 doz. vials Litmus paper, red.

10 cases Toilet Paper, Notch Oval, full weight.

10 cases Dustless Crayon, quality of Hygeia, medium hardness.

1 gross Deodorant Cakes.

20 gals. Disinfectant, Pineoil or equivalent. Gov. test.

6 bbl. Floor Oil, light.

1 gross Colored Crayons, assorted colors.

1-2 doz. American Flags, approximate size, 3x5 feet.

2 doz. Floor Brushes, 14-inch, 16-inch, 20-inch.

1000 pounds Floor Sweep, wood base.

1 gross All-Felt Erasers.

1 case Paper Towels, Onlywon type.

10 gal. Liquid Cleanser or 1 gross Old Dutch or its equivalent.

2 doz. Boxes, large, Bon Ami.

1 gross Electric Lamps, 100-watt, standard size, form supplied.

500 Report Cards for high school.

1 gross Teachers Pocket Class Records for 18 weeks.

6 doz. Teachers Desk Memoranda.

4 doz. Plan Books.

3000 Enrollment Cards, for grades.

500 Enrollment Cards for high schools.

3000 Teachers Monthly Report sheets.

500 Principals Monthly Report sheets.

4500 Letter Heads and Envelopes for Board of Education, Principal of high school and principals of ward schools.

2000 Delinquency Notices to Parents.

1 pair School Scales, standard weight and measurement.

5 sets Wall Maps, for Geography.

5 sets Wall Maps for History.

5—8-inch Globes.

BOARD OF EDUCATION.
